Dear parents,

In a blink of an eye, the coming Christmas signals the closing of the first semester. Thanks to the protection of our Lord, and also the cooperation between parents and teachers, the school administration goes smoothly. However, here are still a few reminders for parents to pay attention to.

Fetching children by cars
For parents who drive your children to and from school, please pay special attention to the following point: the restricted area near the roundabout outside the school entrance is not for parking. In order to prevent traffic jam, parents please do not leave your car in the restricted area, especially during the peak hours in the morning. The traffic jam has no doubt caused inconvenience to other road users. Hence, if road safety laws are strictly carried out by housing estate staff, our school will be cooperative.

Crossing the roads safely
The majority of our students have learnt to comply with the road safety rules. Two of our students, Yuen Hoi Ying and Kwan Ho Yin from Primary 2, were honored for following the road safety rules. The Police Department decided to award them in recognition of their good modeling in using the roads safely. However, some parents still bring their children to cross the road dangerously. This situation is especially serious after the end of extra-curricular classes or tutorial classes. We sincerely hope that parents can act as good role models to their children.

Good use of homework bag
Recently, we have discovered that some students failed to utilize their homework bags fully. This may result in not handing in homework or reply slips, and hence hindering their studies. If you find that your children’s homework bags are broken, you may get a new one from the Principal. Parents only need to write in the student handbook and ask your children to come to the Principal Room. Those homework bags are the donation from another school. They are available while stock last.
Check face to face for the items bought
We seriously urge parents to pay attention to the following point: whenever parents buy anything in our school, especially school uniforms, please make sure you check face to face with the supplier for the items bought and the changes you received. Remember to keep the receipt for possible follow-up cases.

New arrangement of the positions in academic reports
In order to strike a balance between respecting parents’ right to know and relieving students’ study pressure, our school has undergone detailed internal discussion and reference from other schools. We have decided to disclose only the first 60 positions in form and first 15 positions in class from Primary 1 to 4, starting from this school term. The academic reports of Primary 5 to 6 will not be affected. We will constantly review this new arrangement. Parents please feel free to voice your opinions.

Love and care in our community
Thanks very much for the devotion of the past and present Parent-Teacher Associations; our students are truly more blissful than many others. Parents help in different aspects, like Christmas decoration, Story Parents, helpers in Library, Athletic Meet, and vaccination. Parents also actively supported the Lutheran flag selling day. We have raised over HK$15,000, which has topped the chart in recent years.

Representing all the staff members in Siu Leun, I wish all of you be blessed in the grace of our Lord. Enjoy the celebration of the birth of Jesus.
